SUMMARY

Results-driven Shopify Developer with 3+ years of experience designing, building, and optimizing high-converting Shopify and Shopify Plus stores, headless storefronts, and custom WordPress websites. Skilled in Shopify Liquid, Shopify CLI, Shopify Hydrogen, GraphQL, React.js, TypeScript, and Tailwind CSS, with a strong track record of custom theme development, third-party app and API integration, and site-speed/Core Web Vitals optimization. Adept at translating Figma designs into pixel-perfect, responsive, SEO-friendly storefronts that improve user experience and drive conversions. Proven ability to collaborate cross-functionally with designers, marketers, and stakeholders in fast-paced, remote, and agile environments to deliver scalable e-commerce solutions on time.

CORE COMPETENCIES

Shopify Development • Shopify Plus • Shopify Liquid • Shopify CLI • Shopify Hydrogen (Headless Commerce) • Shopify App & API Integration • GraphQL • React.js • TypeScript • JavaScript (ES6+) • HTML5 & CSS3 • Tailwind CSS • SCSS • Shadcn UI • WordPress Development • Theme Customization • UI/UX Design • Figma to Shopify Conversion • Responsive Web Design • Website Speed & Performance Optimization • Conversion Rate Optimization (CRO) • On-Page SEO • Cross-Browser Testing • Git & GitHub Version Control • Agile Collaboration • Client Communication

WORK EXPERIENCE

Shopify Developer — eComMinds Pvt Ltd

Jan 2024 - Present

- Design, develop, and customize Shopify and Shopify Plus themes end-to-end using Liquid, HTML5, CSS3, and JavaScript, translating client requirements and Figma designs into pixel-perfect, conversion-focused storefronts.
- Architect and maintain headless Shopify storefronts using Shopify Hydrogen, React.js, TypeScript, and GraphQL, delivering faster page loads and richer, app-like shopping experiences.
- Integrate third-party Shopify Apps, REST/GraphQL APIs, and custom backend functionalities to extend store capabilities, including checkout customization, inventory sync, and payment/shipping integrations.
- Audit and optimize Shopify stores for site speed, Core Web Vitals, mobile responsiveness, and accessibility, directly improving user experience and search engine performance.
- Build reusable custom sections, dynamic templates, and modular components in the Shopify theme editor, reducing development time on future projects and enabling non-technical clients to self-manage content.
- Partner with designers, marketers, and project managers in an agile workflow to scope, estimate, and deliver scalable eCommerce solutions that align with business goals and deadlines.
- Diagnose and resolve complex Shopify theme, app, and front-end bugs, maintaining high store uptime and a smooth, bug-free customer experience.
- Use Git and GitHub for version control and collaborative development across multiple concurrent client projects.

Ecommerce Manager — LahoreBay

Oct 2022 - Dec 2023

- Managed end-to-end product catalog structure, listings, and merchandising strategy for a growing Shopify-based online store, ensuring accurate, SEO-optimized, and conversion-ready product pages.
- Planned and executed data-driven initiatives — including on-page SEO, keyword optimization, and UX improvements — to grow organic website traffic and improve on-site engagement.
- Monitored store performance, customer behavior, and engagement metrics using analytics tools to identify opportunities that improved conversion rate, operational efficiency, and revenue growth.
- Coordinated with developers and designers to prioritize store updates, seasonal campaigns, and promotional launches.

WordPress Developer (Remote) — Jachoos Technologies Pvt Ltd

Sept 2021 - Nov 2022

- Owned the end-to-end WordPress website development lifecycle — planning, custom theme/plugin implementation, testing, and deployment — for multiple client projects.
- Built responsive, mobile-first WordPress websites following SEO best practices, improving site speed, search visibility, and cross-device usability.
- Communicated directly with remote clients to gather requirements, provide progress updates, and deliver high-quality, on-brand websites within scope and deadline.

WordPress Developer — ESOLS Pvt Ltd

Jan 2021 - June 2021

- Developed and maintained multiple WordPress websites with a focus on responsive design, cross-browser compatibility, and on-page SEO best practices.
- Collaborated with a small team to troubleshoot front-end issues and continuously improve site performance and user experience.
